The cathedral boasts 9 sculpted gates and 2,600 m<sup>2</sup> of stained glass windows, dating from the 12th and 13th centuries.

You will then ride to Illiers-Combray amongst the romantic countryside that inspired Marcel Proust for his novel "A la recherche du temps perdu".

### Day 4 Illiers Combray – Condeau 61 km

This itinerary then takes you on to the National Park of Perche, through authentic green landscapes. The region is renowned for the Percheron breed of horses, and you will have the possibility of visiting a breeding centre where you can take a carriage ride. This region is also well known for its apples and cider producers. You can also have a tasting along the way.

### Day 5 Condeau – Alençon 60 km

The gardens of the chateau could be a good option for a picnic. Your day ends in Bagnoles de l'Orne. This city is full of charms, especially its Belle Epoque neighbourhood. Today you ride through fascinating landscapes and forests to Domfront with its historical town centre. Most of the way will be along dedicated cycle routes, and this lovely day will end in Saint Hilaire, a small but lively town.

### Day 8 St Hilaire – Mont St Michel 61 km

However many images you've seen of the Mont St-Michel rising majestically from its massive bay, coming in person will always be a moving experience. Magical Mont-St-Michel. The sight is stunning, the island is topped by its Gothic Abbey masterpiece. The bay is subject to some of the biggest tidal variations in Europe, so the views change hourly.
